To whom it may concern,

I am writing this letter of recommendation for Dave Houseman who I have worked with this past 8 years. Dave ran our Appraisal Department, Air Compliance and the approved appraisal management companies (AMCs) for Pinnacle and Finance of America. Dave was responsible for building out this department from inception. Our appraisal team worked directly with both Appraisal Management companies along with productions centers. Dave's leadership was instrumental in combining both management of the appraisal process along with excellent customer service to our productions teams.

Dave's communication skills are a real asset along with the adaptability that is needed to be successful in appraisal management. His ability to develop strong business relationships has been key to his success. I can highly recommend Dave and the AMC he has chosen to work with or to any company looking for these skill sets.
