To Whom It May Concern,

It is with great pleasure that I recommend APEX Appraisal Services.

Plaza Loans has worked with APEX since 2009.

The customer service the Company has experienced with APEX has been exceptional.

As a lender, the accurate and reliable valuation of property is integral to our business. The quality of work received from APEX is excellent and stands up to the rigorous regulatory scrutiny that is common place in our business today.

The online ordering system is intuitive therefore placing an order is simple. Furthermore, appraisal orders are completed in a timely manner which allows the Company to effectively manage our processing times.

Please feel free to call me if you have any questions.
